

Hart Mansions

Preserving the Past, Enriching the Future

The Existing Crandell-Hart House(CHH)

Since receiving approval for land-use re-designation in December of 2012 the Brickburn Limited Partnership and its consultants have been busy focussing our team in preparation for starting work on site. We have been seriously engaged in locating an estate custom builder to partner with as a joint venture partner. Many productive meetings have been held with a number of prospective builders to date with more planned.

The Brickburn Limited Partnership is still committed to bringing a well-designed and thoughtful development into being on the Crandell-Hart House site. Efforts are under way to ensure the development respects the surrounding community and the Standards and Guidelines for the Conservation of Historical Places in Canada.

Development update September 2013.
